- Adaptability

PROFILE SUMMARY

I am a hardworking and creative Information Technology student with skills in problem-solving and teamwork. I have experience in designing user interfaces using Figma. I want to improve my technical skills and gain real-world experience.

EDUCATION & CERTIFICATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY
PHINMA Cagayan de Oro College | 2024-2028

WORK EXPERIENCE

Database Manager
Information Technology Department | 2nd Year

Managed databases by organizing data, designing database tables, writing SQL queries, and maintaining data accuracy and consistency.

- Designed and organized database tables and relationships.
- Used SQL queries to insert, retrieve, update, and delete records.
- Performed database testing and troubleshooting.
- Collaborated with team members to ensure proper database integration.

PROJECTS

Homestay Reservation Website Design

- Project Type: UI/UX Design
- Duration: Several Days
- Tools Used: Figma
- Designed a user-friendly website interface for homestay reservations and property management.
- Created booking screens for tourists, hosts, and front desk and housekeeping staff.

Digital Arts and Comic Illustration

- Project Type: Digital Illustration
- Tools Used: ibisPaint X
- Created comic illustrations featuring character designs, school backgrounds, panel layouts, and dialogue.
- Applied line art, coloring, and clean visual layouts to develop an engaging story.

ACTIVITIES

Digital Arts Booth Volunteer

- Organization: Digital Arts Elective - IT Days
- Duration: 2026
- Assisted in setting up and managing the Digital Arts booth during the school's IT Days event.
- Interacted with visitors and explained the digital artwork on display.
- Created digital artwork based on visitors' preferred art styles.
